

A GUIDE FOR MEMBERS

Keep this guide at hand as it outlines our branch activities for most of the coming year.

Each month in our calendar has a featured theme as you'll see overleaf. If anyone has a particular interest, we would like to know about it.

Please bring it to the attention of one of our committee members so we can have a workshop or invite a guest speaker to talk about your interest.

We have also included a short list of our publications for sale in the branch library. Publications from other branches are also available through our library, check our website for full details.

As an additional service you can now purchase (or better still have someone else purchase) Gift Vouchers from our branch library. These can be redeemed in the way of services or publications or even membership fees at our library.
